Subject: - Downward migration of flocks from High Land pastures to subalpine pastures and establishment of First Aid camps /reopening of Sheep Extension Centres thereof.

C I R C U L A R

As per routine, the downward movement of Private and Govt. livestock to subalpine pastures and subsequently to plains has begun. It is therefore impressed upon all the District Sheep Husbandry Officers to establish First Aid camps at different places of migratory routes for providing veterinary health care to the livestock under migration to their final destinations. Proper and visible sign boards must be displayed outside these camps for identification.

Further in order to render optimal Veterinary health care to migrating Sheep & Goats flocks, the District Sheep Husbandry Officers will utilize the services of available staff meticulously and will monitor the functioning of established First Aid camps.

And finally subsequent to downward migration, the staff deputed to various High land pastures/migratory routes be recalled back and Sheep Extension Centres reopened by or before 20-09-2018 positively.

(Dr. Mohammad Sharief)
